### CAPTURED LADRONES

Cruiser Charleston Takes Possession of Spanish Islands.

THEY WILL BE USED AS A COALING AND SUPPLY DEPOT.

Washington, June 27—Special—The statement in these dispatches a week ago that the cruiser Charleston, which left San Francisco some time ago with troops ostensibly to reinforce Dewey at Manila, would really attack and take possession of the Ladrone Islands, is officially confirmed today. News has already been received that the commander of the expedition has already partially fulfilled his mission. He has reduced the forts that guarded the harbor on the principal island of the group and landed a force of soldiers sufficient to hold the place against attack from the vessels of Spain. The islands are important chiefly because of their proximity to the Philippines. It is understood that a coaling station will be established there.

The value to the United States of the Ladrone Islands should they be annexed, will be chiefly from a military and naval standpoint. The numerous islands belonging to the group are indented with multitudes of little bays and inlets, where coaling stations could easily be established. With the Philippines, the Hawaiian islands and the Ladrone Islands in their possession, the United States would bid fair to become the undisputed rulers of the Pacific.

### To Attack Spanish Coast.

Washington, June 27—Special—The navy department has posted the following bulletin: Commodore Watson sails today on the Newark to join Sampson, when he will take under his command an armored squadron with cruisers and proceed at once off the Spanish coast.

The fleet will be as follows: Newark, flagship; battleships Iowa, Oregon, cruisers Yosemite, Yankee, Dixie; colliers Scandia, Abarenda and Alexander. The squadron will sail shortly.

### In Front of Santiago.

Juragua, June 27—Special—Our army is now within little more than an hour's march of the gate of Santiago. Lawton is awaiting the arrival of Shafter, who intends to personally direct the operations that take place immediately before the city. He hopes to be in possession of the city before the week ends.

### Only a Ruse.

New York, June 27—Special—The Evening Journal prints a cable from Rome quoting the Spanish ambassador there as saying Camara's voyage is a ruse, and that after a short stay at Suez he will return to Cadiz.

### Panic in Havana.

Key West, June 27—Special—News was received here today from Havana that the city is panic stricken. A severe famine is now a matter of only a few days. The police force and volunteers threaten revolt.

### Ordered to Cuba.

Provincetown, Mass., June 27—Special—The northern patrol squadron has been ordered to Cuban waters. The idea that the Spaniards will attack the New England coast has been abandoned.

### Did Not Run the Blockade.

Key West, June 27—Special—News from the blockade fleet positively denies the report that the steamers Santo Domingo and Montevideo have left Havana. All is quiet off Havana.

### Rough Riders Praised.

Madrid, June 27—Special—Private dispatches from Havana pay a high tribute to the bravery displayed by the American Rough Riders, particularly mentioning Roosevelt.

### Caimentera Evacuated.

Playa Del Este, June 27—Special—The marines reconnoitered the approaches of Caimentera yesterday. There were no Spaniards in sight.

MAJ. GEN. WILLIAM M. GRAHAM, SECOND CORPS.

Major General Graham was born in Washington in 1834. He entered the army as second lieutenant in 1855, served in the civil war and was brevetted brigadier general for his gallant services.

### TOO MANY CHILDREN DRIVES HER INSANE

REARS FAMILY OF NINE IN FIFTEEN YEARS.

Mrs. Minnie Chamberlain, The Unfortunate Woman Was Taken To Mendota This Morning By Sheriff Acheson—Family Is Poor and the Mother Is But Thirty-Seven.

Overwork required in the care of raising a family of nine children in fifteen years, has been the means of driving Mrs. Minnie Chamberlain insane. On the 11 o'clock train this morning the unfortunate woman was taken to the state hospital for the insane at Mendota, where the best of treatment will be given her.

A Large Family. Mrs. Chamberlain, with her husband and children, have been making their home of late years on a little farm in the town of Bradford. They were in poor circumstances, but this did not keep happiness from their home, and all went well till a few weeks ago, when the mother and wife commenced to act queerly, and show strong signs of insanity.

During the past fifteen years the home of Mr. and Mrs. Chamberlain has been made happy by the coming of nine children, the youngest of whom is a mere babe. Last week the unfortunate woman began to act so queerly that it was feared something might happen to the children, and relatives insisted on her being examined for insanity.

Janesville officers were notified, and last Thursday Drs. Mills and Pender drove to the Chamberlain home, where they examined the mother and found her insane.

Wore Herself Out. From all indications the woman simply wore herself out in caring for her children and attending to her household duties. Sheriff Acheson brought her to this city this morning. At the jail she showed no signs of violence, and was anxious to go to Mendota for treatment.

### IN NEW YORK THIS TIME

Negro Taken From Jail at Russellville Last Night and Summarily Lynched.

Russellville, N. Y., June 27—[Special]—George Scott, a negro rapist, was taken from the county jail last night and lynched.

### PLEADED HIS OWN CAUSE

William O'Donnell, Charged With Vagrancy Is His Own Lawyer

The vagrancy case of Wisconsin vs. William O'Donnell was called in the municipal court this afternoon before the following jury: James Daminaton, Frank Wood, Fred Jones, John Hayner, William Delaney and E. J. Kent. The defendant carried on his own defense while the state was ably represented by Edward H. Peterson. O'Donnell got thirty days in jail.

Darb Griffin was found guilty of vagrancy and was given ten days in jail. Patrick McLeisra and Nathan Thornton, two local drunks, were given two days each.

### CELEBRATION IS DECLARED OFF

MERCHANTS WOULD NOT GIVE SUFFICIENT CASH.

Janesville People Will Have to Go Elsewhere to Celebrate the Fourth—Committee Raised About \$450 When \$800 Was Needed—City Is Likely to Be a Quiet Place.

There will be no Fourth of July celebration in Janesville this year. A meeting of the committee held this morning decided to call the scheduled event off and all for a lack of interest on the part of the business firms who would not lend their financial support. The finance committee consisting of C. O. McLean and J. P. Baker for the west side and W. E. Evenson and C. S. Putnam for the east side, raised in the neighborhood of \$450 when the sum of \$800 was needed.

Many of the business men thought the committee commenced too late this year to make the celebration the success it ought to be, and for this reason would not subscribe to the fund. Mayor Thoroughgood who did not favor the move from the start soon found many who thought the same way and the committee in charge found that many of these men were among the leading merchants of the city.

Fireworks Order Cancelled

The order for fireworks was cancelled today, and Secretary Kline says that in all probability he will cancel the base ball game that was to have been held here on that day between the local and the Chicago Y. M. C. A. teams. The Imperial and the Y. M. C. A. bands have both been engaged to play out of the city, the latter going to Beloit. All the subscriptions except the small proportion necessary to meet preliminary expenses, printing bills, etc., will be returned. Among the surrounding towns which will celebrate this year are Beloit, Fort Atkinson, Clinton, Albany and Brodhead.

### STARTED FOR THE FRONT.

Fifteen Recruits For Company A Go to Jacksonville.

A large crowd was at the St. Paul passenger station yesterday to give the fifteen volunteers for Company A. First regiment, a rousing send off as they left on the 1:10 train for Jacksonville to join their comrades who had gone before.

The boys carried a number of packages, besides taking a three hundred pound box that contained all sorts of presents to the members now in camp. The last man to be sworn in was Jesse E. Tinsley, of Edgerton. Lieut. Baldwin and Corporal Hall have done some rapid work since being in Janesville in the way of getting new recruits.

### TOLLS ARE TOO HIGH

It Will Cost Camara \$280,000 to Use Suez Canal.

SPAIN PROTESTED, BUT IT DID HER NO GOOD.

Madrid, June 27—Special—Consternation reigned in government circles today when it became known that the Suez canal tolls for Camara's fleet bound for the Philippines would amount to \$280,000. This sum was regarded as exorbitant, and a protest was prepared when it was ascertained that it was no more than the regularly established rate. The sum will have to be paid or security for its payment be given before the vessels will be permitted to pass. It may require several days to arrange the matter.

### Heroes Remembered.

Washington, June 27—Special—The president today sent a message to the senate advancing Cadet Powell two numbers for extraordinary heroism during the sinking of the Merrimac. Lieut. Hobson, for meritorious conduct equaling that of Cushing, is recommended for promotion to the line and such position as the president may later determine. The president also recommends that congress tender thanks to Hobson. He also urges congress to tender thanks to Lieut. Newcomb, of the Hudson, for rescuing the crew of the disabled Winslow during the bombardment of Cardenas, and that medals be given to Newcomb, his officers and men.

### Going To Tampa.

Chattanooga, June 27—Special—Preparations to move are being made by fifteen regiments under orders to proceed to Tampa. The regiments are: Eighth Massachusetts, Sixteenth Pennsylvania, First West Virginia, Fifth Illinois, Hundred and sixtieth Indiana, First New Hampshire, Fourth Ohio, Thirty-first Michigan, Third Wisconsin, Second Wisconsin, Hundred and Fifty-eighth Indiana, Fourth Pennsylvania, Fourth Georgia, Twelfth New York, and Third Illinois. The first troops will leave Wednesday.

### Waiting For the Signal.

Off Santiago, June 27—Special—Everything is expectancy on board Admiral Sampson's fleet. Shafter's troops are expected to begin the attack upon the city at any moment. The first gun fired will be the signal for a bombardment of the city, the forts, and the fleet in the harbor by Sampson's vessels. The engagement is expected to be severe, but cannot be protracted, as the American force is vastly superior to that of the Spaniards.

### Camara's Fleet.

Madrid, June 27—Special—There is some anxiety to learn if Camara's fleet, now at Port Said, will be permitted to pass through the Suez canal. The canal is under British control, and it is feared the fleet will be turned back or delayed until it is too late to accomplish its mission at the Philippines. Government officials are hopeful yet not sanguine that the ships will be allowed to proceed on their way.

### Off For Manila.

San Francisco, June 27—Special—The last of the troops assigned to compose the third Philippine expedition boarded the Valencia this morning. The transport fleet will leave for Manila this evening or tomorrow morning.

### Not Yet Arrived.

London, June 27—Special—A Hong Kong dispatch says the American troops had not arrived at Manila up to June 25. All is quiet in Manila.

### Passing Through the Canal.

London, June 27—Special—It is reported that Camara's fleet is passing through the Suez canal.

### GONE TO A BETTER WORLD

## EARNST WORDS FROM THE CLERGY

REV. MR. KEMPTON DRAWS  
LESSONS FROM FLOWERS.

Service For Old People At the First Methodist Church—Rev Mr Hall In Logical Living—Sage Counsel Intended For the Benefit of Old and Young.

In spite of the threatening rain large congregations met at the Baptist church yesterday. In the morning the pulpit was beautifully decorated with June roses and summer blossoms and Mr. Kempton preached a unique sermon on "Sermons From Flowers," that was listened to with great attention.

The Master said "Consider the Lilies." We all look at flowers but how few consider them. Let us listen to the sermons that fall from the scented lips of these "prophets of fragrance, beauty, joy and song," Wordsworth says:

"To me the meanest flower that blows can give Thoughts that as often lie too deep for tears."

While Lowell calls them the "living pages from God's book."

Have you ever thought of the influence that flowers exert upon the human race? The days of the week testify to their sweet influence, for they are named for dillies each of whom has his sacred flower. Sunday, for the unflower; Monday, the daisy; Tuesday, the violet; Wednesday, the blue monkhood; Thursday, the burdock; Friday, the orchids; and Saturday, the horsetail. Our sacred days also have their flowers. Christmas has its holly, All Saints day its amaranth, Easter its lilies, Palm Sunday its palms, and Children's Day its countless flowers.

The influence of the flowers is seen even upon the nations. Upon the following banners and coats of arms of all the leading nations of the world symbolic flowers have bloomed for centuries. The rose blooms forever on the royal coat of arms of England; the fleur-de-lis is the badge of the royal house of France; the thistle is the emblem of Scotland, the shamrock of Ireland; the amaranth of Sweden; the maple leaf of Canada, and the golden rod of the United States.

Ancient nations had also their emblematic flowers. The flower of the Hades has always been the marigold; the Chinese choose the gorgeous chrysanthemum; the Assyrians proudly wore the water lily for ages; while at the very dawn of history, the Egyptians choose the lotus. How wide has been the influence of the flowers!

The flowers are the angels of the grasses, silent messengers of God sent down from heaven to woo us to higher, purer nobler lives. They preach to us sermons which though silent to the ear are loud to the heart. Well did the great Teacher say, "Consider the lilies of the field."

Mr. Kempton then spoke of seven sermons that the flowers preach to us. They were as follows: "Humility, fidelity, purity, trust, aspiration, contentment and helpfulness. The preachers of these sermons are the arbutus, violets, forget-me-nots, sunflowers, lilies, golden rod, daisy, ivy, honey-suckle, woodbine, blue-bell and many others.

Those who listened declared that henceforth flowers would be to them more beautiful than ever. The sermon may be published in "Church Echoes," the popular church paper.

In the evening Mr. Kempton preached to a large audience on "A Comforter," showing by argument and illustration how God comforts us by strengthening us to bear both burdens and temptations.

The Baptist church has been re-lighted. Two large chandeliers of Welch burners cast down bright radi-

## OPEN LETTERS FROM

Jennie E. Green and Mrs. Harry Hardy.

JENNIE E. GREEN, Denmark, Iowa, writes to Mrs. Pinkham:

"I had been sick at my monthly periods for seven years, and tried almost everything I ever heard of, but without any benefit. Was troubled with backache, headache, pains in the shoulders and dizziness. Through my mother I was induced to try Lydia E. Pinkham's Vegetable Compound, and it has done me so much good. I am now sound and well."

Mrs. HARRY HARDY, Riverside, Iowa, writes to Mrs. Pinkham the story of her struggle with serious ovarian trouble, and the benefit she received from the use of Lydia E. Pinkham's Vegetable Compound. This is her letter:

"How thankful I am that I took your medicine. I was troubled for two years with inflammation of the womb and ovaries, womb was also very low. I was in constant misery. I had heart trouble, was short of breath and could not walk five blocks to save my life. Suffered very much with my back, had headache all the time, was nervous, menstruations were irregular and painful, had a bad discharge and was troubled with bloating. I was a perfect wreck. Had doctored and taken local treatments, but still was no better. I was advised by one of my neighbors to write to you. I have now finished the second bottle of Mrs. Pinkham's Vegetable Compound, and am better in every way. I am able to do all my own work and can walk nearly a mile without fatigue; something I had not been able to do for over two years. Your medicine has done me more good than all the doctors."

once from above, while many more shine from the walls. The entire effect is to make the church as light as day. The appearance is also improved by the new carpet which the ladies have recently had placed upon the platform.

After another Sunday Mr. Kempton will leave for a month's vacation. He will preach two Sundays in Chicago, occupying there the pulpit of the Second Baptist church, the largest Baptist church in the west, after which he will go to his wife's home in Eau Claire. While in Chicago he will do some special work in the university.

## LOGICAL LIVING

Discourse By Rev. W. A. Hall at Court Street Methodist Church.

Last night a beautiful service of song, a short vesper service was rendered by choir and congregation at Court Street M. E. church. Mr. Hall spoke on "Shall We Be Religious During the Summer?" In the morning he spoke somewhat as follows on "Logical Living:"

To reason logically is grand. To live logically is grander. To have your promises flow with certainty and exactness into conclusion is desirable. A creed is of worth only as it founds a life. What you do turns thought into character and determines destiny. What is it to live logically?

First, it is to live up to your thinking. A man is able to concentrate all his attention upon a book he is reading, or a lecture, or sermon he is hearing. He can go farther still. He can bring all his calculation to his problem, and his reasoning power to his mental construction. We can justly say of such an one, he may be justly proud of his acquirements. Whether he knows much or little he is a scholar. But we lose sight that there is another realm for the play of mind than the thought world. There is the realm of affairs. And it is even more important that your thinking be brought to bear on what you are doing than on what you are studying, solving or reasoning. God has given you a mind, among other things, that you may act intelligently. He wants you to know what your hands, your feet, your tongue, all your powers of soul and body are about. More than that, he wants you to give them intelligent employment, and direction in that employment. "I never thought." How often we hear that. Bread burned—"I never thought." Business appointment unattended to—"I never thought." That is not an exact expression. Such people do as a matter of fact sometimes think. But they do not always apply their minds to what they are doing, and in consequence they suffer for it. We speak of absent mindedness. In some cases it is present mindedness—mind abstracted from all surroundings in order that it may be present in its entirety in considering some object, in solving some problem, or even in planning some work, and no one ever loses who stops to plan. But frequently absent mindedness, is almost no mindedness. The thought in most cases would be hard to tell. The merest mental fog. In the homely proverb, your wits are off wool gathering, only they don't gather any wool, or anything else. They are tramps, vagabonds, simply wandering, and they have no right to be wandering, when you need them at home. A man always, everywhere needs his wits with him. They can not do him half the good that they can in the case in hand. Have you ever brought your whole self to bear on anything you were undertaking. All your intelligence, all your emotional nature, going into it enthusiastically, all your will. The will is simply tremendous.

If you have not, then you do not know how grandly you can do. Mr. Hall went on to say that to live logically was to live up to our knowledge of right. No people in the world are so grandly instructed in righteousness as the Christian people. "The law of the Lord is perfect." The example of Christ is perfect. We believe in our use of God's help, and in God's ability and willingness to help. To be logical we must lean on Him. The Christian believes the bible is God's word, and believes in prayer. To be logical he must search the scriptures, and pray. To know to do well and not to do it, is literally a missing of the mark. Not only is it sin, it is folly the most utter and most irrevocable.

## TRUEST PATRIOTISM

Baccalaureate Sermon of President Whitford, of Milton

Milton, Wis., June 27.—On Saturday evening at the Seventh Day Baptist church, State Superintendent J. Q. Emery delivered the annual commencement address before a good audience. His subject was "Leadership and Progress," and his effort gave satisfaction. President Whitford preached the baccalaureate sermon Saturday evening. His theme was "Truest Patriotism," and his text was in Luke 7:5, "For He loveth our nation, and He has built us a synagogue."

This declaration refers to a contention in the Roman garrison at Capernaum in Galilee. He is represented as possessing a most noble trait of character, nurtured and sustained by others and less estimable. He was engaged in holding in subjection a conquered race, an identified with him in family descent, national customs, or inherited religion. Still he signalized an exceeding great regard for their profession and welfare by the erection and gift of a costly synagogue—a very effective means of fostering as well as emphasizing, not so much their material and civil interests, as their social, educational and spiritual ones. When Christ learned of this expression of sincere love for his own

countrymen, and particularly for the inhabitants of his adopted city, the deep patriotic sentiments of his heart were visibly touched and stirred. He not only confessed, by an astonishing miracle, a priceless favor upon this military officer, but he unreservedly commended the spirit manifested and the deed performed.

The present conflict waged by our government appeals to every citizen to exhibit unqualified devotion in the maintenance of its cause. In considering the lessons it suggests, as well as the demand it entreats, we may properly inquire what now constitutes for us the chief elements of truest patriotism.

1. A philanthropic purpose to advance the well being of a people on the earth should not lessen, but rather increase, the affection felt for the members of one's own nation. Such a feeling is approved by the instructions of history and the sacred gospel.

2. An intense regard for local or provincial communities and their affairs, while not condemned, should not be substituted for that exalted attachment which seeks to establish the very best conditions in all parts of our country. In this respect we are severely tested by the enormous extent of our domain, and by the varied and diverse habits and calling of its occupants, especially those living at great distances from each other.

3. The sternest rebukes should be administered to partisans and demagogues for their uncharitable and abusive denunciations of party leaders, state and national officials, successful business men and governmental policies. Such language, circulated by the press and in public speech, is addressed to the discontented, ill-disposed, passionate and disloyal divisions of the land. It is intended to array in hostility one class against another, to widen the separation between different sections of the country, and to overthrow existing movements and institutions founded in wisdom and righteousness.

4. There should be an intelligent and adequate understanding of the distinctive end set by divine appointment for our nation to promote and then there should be formed a strong and unswerving determination to realize this end among ourselves and before the world. The history of our country thus far and its prospects for the immediate and remote future, all show that the design is fixed for us to develop here the most perfect manhood and womanhood under the freest, most helpful and inspiring conditions ever known by any people. Evidently we shall soon be directed as we have been heretofore, to apply the salient effects of our gospel of self government to tribes and nations now oppressed under the cruel and destructive sway of monarchs and worn out legislation.

The first appreciation of the fact should prevail that true patriotism does not consist altogether in facing an enemy courageously an enemy on battlefield, or in upholding, even jealously, the political management of the nation, but it embraces a successful struggle to secure in the entire mass of people, through universal education, moral conduct, and Christian teachings, the endowments of a lofty and genuine spirituality. In this latter sphere can be exhibited heroism of the highest type. Here we should build our synagogue, a symbol of the most precious interests already vouchsafed to our country, and a pledge that we shall prosecute, enlarge, and achieve triumphantly the holy mission on which our nation has entered.

## SERVICE FOR OLD PEOPLE.

Interesting Gathering at the First Methodist Church Yesterday.

A goodly number of the old people of the first M. E. church and their friends greeted the Epworth League, Sunday morning, being the occasion of the first reception and service for the old folks given by the Epworth League. The choir rendered special music. The pastor preached from Luke 2:25-32 on the theme: "Simeon, the Seer, or Visions from the Summit of Life." A brief synopsis is as follows:

The biography of Simeon is brief. "He was just, devout and the Holy Ghost was upon him." Men write volumes about a man; God tells what he is in a sentence.

It was early morning, when the rays of a Syrian sun were breaking over the height of Olivet and pouring a flood of golden light upon the Jewish temple at Jerusalem, that Simeon came with the multitude to morning worship. Came with a peculiar light in his eye, a strange fervor of expectancy upon his face, for in his soul was sounding the promise, "Thou shalt not see death till thou hast seen the Lord's Christ." There were many fathers and mothers in the throng that came for the ceremony of presentation and redemption for the first born, but Simeon's eye and soul were centered upon one pair and the Babe they bore.

Taking the child in his arms he broke forth into the prophet's psalm of joy, the Nunc Dimittis of St. Simeon, "Now, Lord lettest thou thy servant depart in peace, for mine eyes have seen thy salvation." Like the watchman upon the height, about which the poet Eschylus writes, who was to light the beacon blaze announcing the destruction of Troy, so Simeon, on the night of Jewish prophecy, sees the twinkling of the star in the east as it rises over the Judean hills and hails with joy its signal light.

Only to souls purified by faith, enriched by righteous living, do there come vision of God's glory. Heaven and earth come close together when the best forms of old age, like Simeon, seek the sanctuary and bow in devout

## MILWAUKEE'S CARNIVAL FETE

VISITORS ARE ALREADY ARRIVING BY THE THOUSANDS

Magnificent Decorations of the Leading Avenues and Streets—The Hotels Filled to Overflowing, But Entertainment At Private Houses Is Not Lacking.

Milwaukee, June 27.—[Special]—All is now in readiness for the carnival, and visitors are beginning to arrive by hundreds and thousands. Yesterday was a great day for this city. Fully ten thousand visitors were here, more than half the number coming from Chicago by boat. The magnificent arch erected by the carnival committee on Wisconsin street was completed today in the immense structure brings back visions of the beauty of the white city. The immense column at the top of the Grand avenue hill was also completed, as was the decoration of the avenues on Grand avenue bridge and the exterior decorations of all the public buildings. All of the decorations in charge of the carnival committee have electric light effects, and were illuminated last night.

These decorations sending out a blaze of light among the dense trees of Milwaukee's famous residence street last night presented a picture which for beauty and novelty will never be forgotten. Hotels claim they are filled up for the week, while the committee on public comfort says it has been flooded with places to lodge visitors. It can take care of over 30,000. Those who arrived last night and today came principally from Michigan. Among the arrivals from Michigan the Concordia Singing society of Detroit attracted the most attention. It came in true carnival style with a brass band and prepared to celebrate in the style in which only German musicians can. The appearance of the society on the streets served to arouse the carnival spirit in the people and they were given a royal reception.

The amusements of the week of carnival will not open until Tuesday when the soldiers' monument will be dedicated and the bicycle pageant will take place in the evening. Tomorrow, however, there will be a reception tendered the carnival guests at the Palace theater. Addresses of welcome will be delivered by Governor Scofield, President Alvin Klesch, of the Carnival association, Mayor Rose and Edward P. Vilas.

## RALLY FOR SUNDAY SCHOOLS

First Meeting Held at Emerald Grove Yesterday By Missionary Newcomb

The appearance of rain yesterday kept some away from the Sunday School rally at Emerald Grove. However, the audiences were large and Emerald Grove and surrounding schools are holding the fort. The pastor, Rev. C. W. Dennis and Mrs. Dennis are enthusiastic in their work. Mrs. Dennis being superintendent of the school. The bible study for half an hour led by Missionary Newcomb was instructive. The question (being answered by reference) was "Why We Should Study the Bible," showing that everything depended upon it—health, happiness, peace, prosperity and all the fruits of the spirit, as well as the development of mind and heart.

Miss Jennie D. McArthur read a paper on "The Bible School, Its Prominence and Power For Good," full of thought and suggestions. John Nicholson clearly defined the difference between "Sunshine and Shadow; Sweet and Sour; Kindness and Neglect," as he alone could. His contact with others as a commercial traveler, together with an observing mind, is the school from which he brings with dramatic powers, the realistic of life. Several speakers followed.

Next Sunday the objective point will be Footville. It being the 3rd, so near the Fourth of July, some of the addresses will show the patriotic side of the work. It is expected Prof. Smith, of Beloit, will pull the tail feathers of the American Eagle and make him scream. Mr. James Sutherland will sound no uncertain note. Other speakers will be located. Footville people extend a hearty invitation to come, bringing bible, song books, and the stars and stripes. The towns of Center, Spring Valley, Rock, Plymouth and Newark will be included in this meeting.

Shows that there are 2594 Central Electric Stations in the United States. : : : :

These stations now use 1,088,221 horse power. Electric current from these central stations is furnished for power, light and heat. The record of every city in the world shows a constant gain in the use of this wonderful agent. Every water will be utilized. The little dentists' motors, as well as great factories, are operated by electric current.

## CAMARA IS AT PORT SAID.

Spanish Ships Reach Entrance of Suez Canal.

## TWELVE VESSELS IN THE FLEET.

Supply of Coal Must Be Taken on Board Before They Can Proceed on Their Way—Washington Authorities Are Not Troubled.

Port Said, Egypt, June 27.—The Spanish fleet, consisting of the battleship Pelayo as flagship, leading, and the armored cruiser Carlos V., the armored cruiser Patriota, late the Normanna, carrying twelve guns and a few troops and marines; the Buenos Ayres, with her guns, stores and a few troops; the torpedo boat destroyer Audaz, the armed cruiser Isla Panay of two guns, carrying stores and a few troops; the Rapido, late the Columbia, of twelve guns, carrying a few troops; the Colon, which has no guns or troops and looks like a store ship; the torpedo boat destroyers Proserpina and Osada, the transport Covadonga, which has no guns, and the coal ship San Francisco, entered the harbor Sunday morning.

London, June 27.—Considerable comment as to Admiral Camara's movements is heard. His stopping at Port Said is puzzling, but the assumption is that he probably is awaiting fresh instructions from Madrid. Few believe he will ever reach Manila or Iloilo, which is regarded as a more likely destination, owing to coaling difficulties. A dispatch from Cairo says: "If Admiral Camara coals at Port Said he would not, under the neutrality law, be allowed to enter the Suez canal. It is supposed if he traverses the canal that he will endeavor to obtain coal at Obock, on the Gulf of Aden."

In any event the matter is regarded as of no importance, since it is recognized that he can do nothing to interfere with the American cause or retard the fall of Manila.

## ROUGH RIDERS KILLED.

Colonel Torrey's Troopers Caught in a Smash-Up at Tupelo, Miss.

Tupelo, Miss., June 27.—Three troopers of Colonel Torrey's rough riders were killed, one fatally hurt, and others received painful injuries in a wreck here Sunday afternoon. The first section of the train bearing the regiment had stopped to take water and was ready to start when the second section rounded the curve and dashed into it. In the rear of the first section was a sleeper, with Colonel Torrey and the regimental staff.

This car was completely demolished, yet every inmate escaped except the colonel, who is injured, though not seriously. The dead are:

JOHNSON, Samuel, private, troop C.  
WALLACE, William B., private, troop C.  
LENNAN, Cornelius, private, troop C.

GORDON, Cincinnati.  
Fatally injured:  
Mapes, Henry S., private, troop C;  
both legs cut off, abdomen punctured.

## Will Be Commodore Sampson.

Washington, June 27.—A fourth of July present in the form of a promotion will be given by the president to Acting Rear Admiral William T. Sampson, commander-in-chief of the United States naval forces in the Atlantic. While serving under his present commission Admiral Sampson is a flag officer only by brevet. His actual grade is that of captain, and he was given the acting rank only because of his assignment as a naval commander-in-chief. When Rear Admiral Kirkland is retired for age, July 3, Capt. Sampson will, in the ordinary process of advancement, become a commodore, the lower of the flag grades, and if the senate is in session on the following day, the Fourth of July, his name will be sent to that body for confirmation in the grade of commodore.

## Casualties on the Texas.

Washington, June 27.—Last Wednesday while the troops of Gen. Shafter's army were landing near Daiquiri, Cuba, Admiral Sampson, with the idea of diverting the attention of the Spaniards from the landing, made a demonstration with the battleship Texas at Canabanas, about five miles east of Guantanamo. The Texas engaged the west battery of Canabanas for several hours. During the engagement a shell from the battery struck the Texas, and bursting killed one man and injured several others.

## San Juan Is Blockaded.

Washington, June 28.—Capt. Sigbee of the St. Paul yesterday warned a British ship from seeking to enter the harbor of San Juan de Porto Rico on the ground that it was blockaded. No formal notice has yet been given of the blockade of this port. It is fully expected that this action will be combated if the Spanish government can interest any of the European powers to do so, but the navy department is sure of its ground, having had the aid of the best minds in the state department in framing the blockade regulations.

## Spanish Torpedo Boat Sunk.

St. Thomas, Danish W. I., June 27.—Alberto Lagarde, cabin boy of the Francia, has made an affidavit that he heard the St. Paul's lieutenant say to Capt. Shroter: "We had a little encounter on Wednesday. We sunk a Spanish torpedo boat, but a gunboat got away." The Francia encountered the St. Paul off San Juan, Porto Rico, and was ordered to put in at some neutral port.

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee, sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1/4 as much as coffee. 15 and 25c.

## THIS DAY IN HISTORY.

1830—James Smithson died in Genoa; born 1765; natural son of the third duke of Northumberland and a lady of noble blood descended from the Percys; left \$100,000 to found the Smithsonian Institution. Smithson derived his name from his father, Sir Hugh Smithson. The scientific fame he acquired was of the highest, and at one time he wrote, "My name shall live in the memory of man when the titles of the Northumberland and Percys are extinct and forgotten."

1862—Battle of Gaines Mill, in front of Richmond, beginning of the seven days' campaign.

1873—William Powers, American sculptor whose "Greek Slave" gave him worldwide fame, died at Florence; born at Woodstock, Vt., 1835.

1874—Harriet Martineau, the English writer, died at Ambleside; born 1802.

1890—San Francisco swept by a fire which destroyed nearly \$10,000,000 worth of property. In 1849, 1850 and 1851 the city was visited by five fires, causing an aggregate loss of \$10,000,000.

## SHOTS AT THE TARGET

Madison Journal.—The Milwaukee Journal does not take a very hopeful view of democratic prospects in this state at present. It is interesting to note the reason why democratic success under existing conditions is improbable. It thinks that had there been no war and the LaFollette men defeated in the state convention, that they would bolt and elect the democratic ticket. "Just as was the case in Milwaukee last spring." It thinks the war has solidified the republicans and weakened the factional contest and that therefore "the democratic prospects are not so hopeful as they were before the war broke out."

Helois Free Press.—When ex-Congressman LaFollette was a congressman and when ex-Governor Hoar was a governor, did either one or both of them ever travel on a railroad pass, or did either one or both of them ever send a "dead head" telegram? Perhaps they never did, the Free Press has too much confidence in their personal integrity to believe that their official conduct was affected thereby.

The male cooks who recently prepared and served a chow-chow supper, should be careful. Established customs should not be suddenly overthrown, and people who introduce innovations that may break up happy homes, tread on dangerous ground. Then, too, the future should be thought of. No wife can be cheerful, blithe, and gay while suffering from indigestion.

The trouble at Oshkosh shows that a national guard, like a police force, is needed all the time. The city and county authorities request that the troops be allowed to remain as they cannot prevent rioting if the soldiers are withdrawn. There is a lesson in the Oshkosh strike—the state should not be without troops, even in time of war.

Constance Reader.—You are correct in your statement that the coats of the naval officers are trimmed with frogs. Your statement that it is for this reason that the coats are called "jumpers" may be open to debate, so we will be compelled to refer it to the Army and Navy Journal.

Madison Journal: What has Mr. LaFollette ever done that the Milwaukee News should continue to champion him? He has his faults, as all of us have, but he has never shown any leaning toward free silver or the Populist doctrines advocated by the News. He should not be persecuted and discredited by such support.

Editor Libby, of the Evansville Enterprise, is a hard worker, and when he is not busy with his paper, he is working at something else. In the last issue of his paper he says: "Now is the time to get your crops insured against hail and wind at the Enterprise office, before they are all torn to pieces and you lose the whole business."

The yellow papers of the United States cannot equal the Spanish sheets. For instance a Madrid paper says: "Ted Roosevelt, formerly a New York policeman, is Commander-in-Chief of the American army. He was born near Harlem and migrated to America when very young."

Milwaukee will open her carnival tonight, and perhaps, if the weather is favorable, she will also open something else.

La Crosse Chronicle.—It is noticeable that the LaFollette anti-pass shout-

ted that it was too much to expect of any man "to preach and practice both." They haven't sent back their passes.

Ex-Gov. Peck will marshal the floral parade at the Milwaukee Carnival, and says the display will not be the least attractive of the show attractions—not by a carnation sight.

Roosevelt's Rough Riders are made of the right sort of stuff, and their commander is not afraid to ride at the head of his column.

General Shafter has landed at Santiago and will at once proceed to "take in the town."

The council, it seems, took a plain business view of the hospital matter.

Patriotic people eat only naval oranges these days.

Good Gain for Socialists.  
Berlin, June 27.—The newly completed returns in the second balloting show that the next reichstag will be practically constituted as was its predecessor, with slight modifications. The provincial returns give the socialists a better position than seemed possible on Saturday. The progress of socialism in Wurtemberg and such strongholds of reaction as East Prussia, Upper Silesia, Mecklenburg and various agricultural districts in Saxony, Brunswick and elsewhere is remarkable. The election of three prominent bimetallicists—Herr Kardorff, Dr. Arndt and Count von Klinkowström—is noteworthy, especially as the last named is regarded as the probable future leader of the conservative party.

Street Cars in Collision.  
Mason City, Ia., June 27.—By a collision on the Mason City & Clear Lake Electric railway last Sunday night twenty persons were injured. A spectacular performance had attracted a large crowd to Clear Lake. When the show was ended three trains, four coaches to the train, pulled out only a short distance apart. When about two miles out a train going west ran into the first section and before the rear trains could stop all were piled in together. No one was killed. Twenty persons were injured.

There Was No Mutilation.  
Washington, June 27.—In reply to the telegram from the department requesting definite information concerning the alleged mutilation of the bodies of the four marines killed in the outpost of Guantanamo, Rear Admiral Sampson telegraphs as follows: "Playa del Este, Cuba, June 24.—Replying to your dispatch, I have to report that a careful investigation has been made, and it is reported to me that apparent mutilation was probably due to the effect of small caliber bullets fired at short range, and I withdraw the charge of mutilation."

Weekly Bank Statement.  
New York, June 27.—Changes for the week were as follows: Reserve increased \$2,333,450; loans increased \$2,262,600; specie increased \$1,201,400; legal tenders increased \$3,374,800; deposits increased \$6,571,400, and circulation decreased \$20,300. Total loans were \$612,599,100; specie, \$184,106,900; legal tender, \$62,486,300; net deposits, \$737,547,800, and circulation \$14,966,400. Banks now hold in excess of legal reserves \$62,206,250.

Coal for Dewey's Fleet.  
Philadelphia, June 27.—The British ships Glooscap, Captain Spicer and East Lothian, Captain McFarlane, sailed from this port today for Manila, with nearly six thousand tons of coal for Admiral Dewey's fleet. The two cargoes are valued at about \$17,000, but the freight received by the two ships will be worth more than double this sum. The two captains will do all in their power to get to Manila in the shortest possible time.

Kansas Full of Unemployed.  
Hutchinson, Kas., June 27.—Hutchinson and other towns along the Santa Fe road are flooded with armies of unemployed men. A train loaded with laborers from Los Angeles, Cal., has arrived here, and every kitchen door in town is hourly besieged by men begging for food. Most of them refuse to work in the harvest fields for the present wages, \$2 to \$3 a day.

Crisis in Japan's Cabinet.  
London, June 27.—The Tokyo correspondent of the Times says: "Marquis Ito, the premier, has resigned. In tendering his resignation he advised the mikado to accept the principle of party government and to instruct Count Okuma Shigenobu and M. Itagaki to form a ministry. The emperor will probably act on Count Ito's advice."

Tried to Poison the Czar.  
London, June 27.—A special dispatch received here from Vienna says it is reported there that Count and Countess Znamoff, said to be respectively chamberlain of the czar and the lady-in-waiting on the czarina, have been arrested and charged with an attempt to poison their majesties.

Crops Hurt by Hail.  
Mount Vernon, Ill., June 27.—This section was visited by a fierce electric storm and cloudburst about 1 o'clock Sunday morning, which lasted about four hours, during which time two and one-quarter inches of rain fell. Great damage has been done the fruit, hay, oats and corn.

Many Colored Men to Serve.  
New York, June 27.—A special to the Times from Washington says: When the mustering in of the organizations under the second call is completed, the volunteer army will include between 2,000 and 10,000 negro soldiers and more negro officers than ever before were in the service of the United States.

## DEBATE TO BE PROTRACTED.

End of Hawaiian Discussion in the Senate Not in Sight.

Washington, June 27.—There are no positive indications of the close of the Hawaiian discussion in the senate, and unless the unexpected happens debate on this question will continue for at least another week. There are rumors floating about the capitol that a vote will be reached or an agreement for final adjournment had toward the end of the week, but no confirmation of them can be secured from the leaders on either side of the controversy, so that, in the language of Senators Jones and Davis, they appear to be "illusory."

The proceedings late Saturday afternoon and the admissions of senators who oppose annexation indicate quite clearly their purpose to resort to dilatory tactics, while the appearances on the other side are that there will be more pressure brought to secure a vote.

Says Spain's Hour Has Struck.  
Paris, June 27.—The Temps says: "The hour has struck for the Spaniards to abandon all illusions and to serve the country by strong measures."

## TWO HUNDRED LEFT FOR CREAM CITY

JANESVILLE WELL REPRESENTED AT THE CARNIVAL.

Rush Was Experienced At the Depot This Morning—Seventy-Five Left On One Train—Crowd From the West Delays Mineral Point Train A Half Hour.

Fully two hundred passengers left Janesville today for Milwaukee, where they will participate in the week's festivities in honor of the semi-centennial of the state.

As early as 7:30 o'clock this morning the crowds commenced to gather at both the Northwestern and St. Paul passenger stations, and both Ticket Sellers Samuels and Potter had their hands full for the time being.

The low rate of one fare for the round trip that is now offered out of this city proved a drawing card, and the local public were not slow to take advantage of this low rate.

Crowds Went On All Trains

When the 7 o'clock train on the St. Paul road pulled out of the city there were seventy-five aboard from here. The Mineral Point train was half an hour late this morning owing to the crowds along the road that delayed it at Platteville, Mineral Point, Darlington, Monroe and Brodhead. When the train left Janesville it had four extra coaches attached and every seat was occupied. On the Northwestern road many left on the 7 o'clock train while several took advantage of the new train which now leaves Janesville at 9:30 o'clock. On the noon train a good sized delegation from here were aboard. Of those who left here today but few will return before the end of the week, while it is the intention of many to spend the Fourth of July there in spite of Janesville celebrations.

Local railroad officials on both roads are more than pleased at the showing made by Janesville today, and from figures obtained it is estimated that the Bower City made this best showing of any town on this division, on either the St. Paul or Northwestern road.

Will Stay the Week Out.

The majority of those who went from here have secured quarters in private homes for the week. During the entire week both local roads are figuring on a still larger delegation from here and not a few will leave Friday to attend the Carnival ball to be given in the new library building that same evening.

The Carnival celebration was ushered in this morning at sunrise with a salute of fifty guns fired near the Northwestern station on the lake front. At high noon the revenue cutter Fessenden steamed out into the bay and fired a national salute of twenty-one guns.

The city is gayly decorated from one end to the other, and the fun is now on in earnest for one week.

## DIED AT LIFE'S HEYDAY

Miss Lulu Blanche Wilbur Passed Away Yesterday Afternoon

Lulu Blanche Wilbur, daughter of Mr. and Mrs. S. H. Wilbur, died yesterday afternoon at 1:20 o'clock at their East Milwaukee street home.

Deceased was nineteen years of age, and has been a patient sufferer with consumption since last September. Prior to her illness she attended the Jefferson school, where she was loved and esteemed by her teacher and schoolmates. A father and mother, and three brothers and a sister are left to mourn her death.

Funeral services will be held from the home tomorrow afternoon at 2 o'clock, the Rev. E. H. Pence officiating. The interment will be in Oak Hill cemetery.

Harold Flaherty

Harold Flaherty, aged seven years and four months died this morning at 2:30 of pneumonia. He was the son of Mr. and Mrs. W. T. Flaherty, corner of Maple Court and Washington street. He was ill about four weeks. Besides his parents he leaves two brothers, Fred and Frank. Funeral Tuesday at 10:30 a. m. at St. Mary's church. Interment in Mount Olivet cemetery.

Mrs. M. S. Pritchard

The death of Mrs. M. S. Pritchard in Edgerton at 2:30 this morning, was announced in a dispatch from Mrs. Minnie E. Pritchard. Mrs. Pritchard's death resulted from pneumonia. Funeral arrangements have not been completed but the burial will be in this city.

## ENTERTAINED AT EUCHRE

Ladies Enjoyed a Pleasant Afternoon at Mrs. A. P. Burnham's

Mrs. A. P. Burnham entertained about thirty-five ladies at a 5:30 o'clock tea Saturday afternoon at her spacious St. Lawrence Place home. Roses and cut flowers tastefully arranged beautified the rooms, and at small tables most tempting repasts were served. Following the serving of refreshments the guests indulged in six-handed euchre, at which two handsome prizes were awarded. The function was a decided success, and reflected much credit on the hostess.

Lost.

Lost about one mile east of Janesville, on June 9, a fox terrier; brown head, three black spots on white body; black stub tail. Ten dollars will be paid for the return of the dog. No questions asked. Joseph Bundy, Emerald Grove, Wis.

## CUPID CAPTURES AN ELDERLY COUPLE

BRIDE OF SEVENTY WEDS AN AGED GROOM.

Ceremony Performed At the Ringold Street Home of the Bride's Sister—Both Bride and Groom Are Happy and Are Prominent—Other Matrimonial Events.

Frederick H. Rowe, of Salem, Oregon, and Miss Laura H. Stevens, of Salem, but formerly a resident of Milton, were married by Rev. W. A. Hall this morning. The wedding ceremony was performed at the home of the bride's sister, Mrs. Emily Alvis, on Ringold street, at 8:30 this morning. The newly wedded pair left at 9:30 for Milton Junction where they intend to make their home.

The bride, in spite of the fact that she is seventy years of age, looked charming in a traveling dress of black, with small bonnet of the same material. The groom was dressed in a newly tailored suit of black with white vest, and is but a few years the junior of his bride. Both are well to do and have been married before. Mrs. Rowe formerly resided in Milton, and she was one of the leading workers in the Methodist church. Following the congratulations Mr. and Mrs. Rowe were driven to the St. Paul depot, where they boarded the morning train for Stoughton.

Hemmings-Morrissey

At St. Mary's church at 6:30 o'clock this morning Rev. R. J. Roche united as husband and wife Manley Hemmings and Miss Kathryn Morrissey, both of this city. Miss Agnes Morrissey, sister of the bride, acted as bridesmaid, and J. Raymond, of Aurora, Ill., an intimate friend of the groom, was best man. A few intimate friends and relatives were on hand to extend congratulations, after which the happy couple left for Chicago on the morning vestibule.

The bride is a Janesville girl who is held in the highest esteem. Of late years she has been engaged in the millinery business, being associated with her sisters. The groom is a young man who has spent the greater portion of his life in Janesville, and at present holds a responsible position on the road as traveling salesman for a wholesale shoe house. Both bride and groom have a host of friends here. After a brief wedding trip, they will make Green Bay their home.

Grant-Moehrer

Francis J. Grant, of this city, and Miss Harriet Moehrer, of Portage, will be married at the home of the bride Thursday noon, and after a wedding trip east will return to Janesville to reside. The bride-to-be is well known here, while the prospective groom is court reporter, and a highly esteemed young man.

## LETTERS FROM EUROPE

Rev. Robert C. Denison Will Write to His Congregation While Absent.

Rev. Robert C. Denison, of the Congregational church, who will leave next month in company with W. S. Jeffries for a tour of Europe, has hit on a novel plan that will no doubt increase the attendance at the weekly prayer meetings to be held at his church.

Each week Rev. Mr. Denison will write home from Europe giving an outline of his trip, covering any and all subjects of interest. These letters will be read at each weekly prayer meeting, and there is little doubt but they will interest many.

## DIDN'T LEAD TO BEER CELLAR

Cave In Due To Defective Tambling in North Main Street

The caving in of a spot on North Main street near the Doty Works led old settlers to think that the old Hodson brewery vault extending part way under Main street had caved in. The theory proved to be unfounded, however. In the first place the old vault was broken down and filled in years ago; and in the second place the sink hole is not located within forty feet of the spot. The hole that gave rise to so much conjecture seems to have been caused by insufficient tambling in laying water or gas mains.

Several years ago it was a poor day's business when the Northwestern road alone would not sell at least a hundred tickets from Janesville on Derby day. Local ticket agents believe that the Milwaukee celebration this week will attract the crowd from this city who would have gone to Chicago had the Milwaukee celebration not been so near.

## THREE ARE RUNNING

Work is Being Resumed at the Oshkosh Mills Affected By the Strike.

Oshkosh, Wis., June 27.—[Special]—Three of the seven factories affected by the strike are now running. They are the Paine, McMillan and Morgan plants. Paine's was the only one not forced to close its doors. According to the statements of mill men there are about 150 men at work in their mills.

## EARNEST WORDS FROM THE CLERGY

(Continued from page 2)

worship before the God of their fathers. Let the universe of youth look upon the scene and learn the secret of happy old age.

Note first the character of Simeon. Four things said of him: Just—that marks his character before men; devout—that measures his attitude before God; waiting for consolation of Israel—that shows his relation to the church; the Holy Ghost was upon him—that tells us his whole life was in touch with God and seasoned by the grace of His spirit.

Second, visions of Simeon: he saw the Lord's Christ, and what He meant to the world; saw salvation, not for Jew alone, but for the world; saw Jewish ritualism superseded by a pure worship of God, and higher, nobler service of man. In serving man, men best serve God.

Third, the consummation of such a life of justice and devotion. The end was peace. Simeon sang his Swan-song as he saw the beginning of a glorious end. His life was in the "sear and yellow leaf" but not like that of Macbeth. He was the ripe fruit being gathered for the garner of God.

### BASEBALL REPORT.

Standing of the Clubs Composing the Various Leagues.

Chicago had less of a substitute team in yesterday and had no trouble with Brooklyn, although the latter, by hitting almost equal to the home team's, trailed within easy distance all the way. Only one other game was played yesterday. Washington again trounced Cincinnati and the Reds are but half a game ahead of Boston.

Railroads Are Washed Away.

Evansville, Ind., June 27.—A storm Sunday near this city that was little short of a cloudburst did thousands of dollars' worth of damage. The Evansville and Terre Haute railroad had about three miles of track washed away, and the Evansville and Indianapolis road suffered similar damage, shutting off traffic on both lines. Wheat fields in the path of the storm were completely destroyed. Much other damage is reported.

Hibernians at Trenton.

Trenton, N. J., June 27.—The first national convention of the reunited Ancient Order of Hibernians began here today and will last until Friday. All the officers and many of the prominent members of the former board of Erin and the American branches are here. The convention consists of about 600 delegates from all the states and territories in which branches have been organized.

Pink Coat Wins the Derby.

Chicago, June 27.—Pink Coat won the Derby by a nose. Mirthful of the east, the favorite, was vanquished by a western horse in 2:42 3/4. Warrenton came in second and Leaky third. The winner took \$9,225 and the other two \$2,000 and \$1,000, respectively.

Oshkosh Strikers Are Quiet.

Milwaukee, Wis., June 27.—The board having charge of the troops sent to quell the Oshkosh strike riots has decided that the troops must be kept in that city for several days. Citizens of Oshkosh say they are not needed.

Indiana Crops Damaged.

Princeton, Ind., June 27.—A destructive wind and rain storm swept over southern Indiana at an early hour Sunday morning. Several towns report great damage to crops.

Sugar Conference Adjourns.

Brussels, June 27.—The sugar conference has adjourned until international proposals are formulated as the basis for serious discussion.

### Naval Portfolios Free!

We have made arrangements whereby we are able to offer a splendid set of portfolios of our Navy, each containing 16 to 25 beautiful half tone naval views, 12x14 inches, printed on heavy art paper.

**One of These Portfolios Will Be Given**

:: FREE, WITH EVERY 25 CENTS' WORTH OF ::

### "CUBA LIBRE" SOAP.

This Soap is one of the Allen B. Wrisley Co.'s best makes and sells 7 bars for 25c. At this price, without the portfolio, it is a bargain. The Naval Portfolios which are free with every 25c worth of "CUBA LIBRE" Soap are totally different from any others at present on the market. They do not contain old second-hand photographs of scenes in Hawaii or Cuba; but are confined entirely to appropriate pictures of our different cruisers, battleships, gunboats, etc., with full descriptions of all their important features, giving their cost, equipment, date of commission, number and size of guns, number of officers and men carried, etc. They also contain views with descriptions of the best Spanish boats. The present war has developed an unusual interest in our Navy--the best in the world--and it being so largely a naval war, these portfolios will do much to follow war news intelligently. The entire set will make a splendid acquisition to any library. Each portfolio is worth 25c to buy, but we give you one free with each 25c purchase of "CUBA LIBRE" Soap. Every man, woman and child is interested in Sampson's, Schley's and Dewey's magnificent war ships. With these portfolios the action of each ship can be more fully appreciated. First come, first served. We can't tell how long they will last, so don't delay securing them. One folio with each 7 bars or 25c worth of "CUBA LIBRE" Soap.
